

## Who we are

[www.empowering-learning.co.uk](http://www.empowering-learning.co.uk)

Founded in 2003, Empowering Learning is one of the best rated teacher training and recruitment consultancies in the UK, with a Google rating of 4.8 from over 280 reviews. We recruit for a range of positions within schools and academies across the UK and make sure that we place you in the best suited school for your abilities, experience and personality.

With Empowering Learning, you are never just a number and we are proud of placing you at the heart of our approach. We meet with every candidate to find out what their employment and training needs are, and where their ambitions lie. In addition, we know exactly what schools look for and our personalised service includes expert advice and support with interviews and CV writing, which can make all the difference in securing your next role.

We also believe in investing in the people with work with and offer marketing leading training, such as Team Teach's positive behaviour management, completely free, to the teachers and school support staff who work with us.

## Meet the team

### Introducing our new Teesside team

#### **Laura Peacock | Divisional Manager**

Supporting Primary Secondary & SEN Schools across Teesside

After 21 years in the marketing sector, I recently answered my calling from Empowering Learning and was delighted to launch a new office, right here in Teesside – I am honoured to be backed by such an amazing company, education recruitment specialist and part of the same group as Team Teach, the principal provider of de-escalation and positive behaviour management training within education. With this in mind, I will hopefully be bringing something a little different to Teesside, I don't want to be a run of the mill "agency", my aim is to provide that local, consultative service, backed up with the highest compliance standards, as proud recipients of the 'REC Audited GOLD award in Education'.

Away from work, I am a mum of one exceptionally talented young man, of whom I am extremely proud. I feel I have achieved many things along my journey so far in life but being a mum definitely has been the biggest and most rewarding one. I spend the majority of my time watching him play football or in my other role as a glorified taxi driver, I wouldn't change it for the world! I am extremely lucky to have an amazing family and the best group of friends a girl could want.

Finally, Being a proud, born and bred Thornaby girl, I feel I not only know the area really well, but also have a real passion in striving to understand the biggest challenges facing schools/education provisions today across Teesside and North Yorkshire, offering that local support to help not just schools, but also teaching and support staff find their perfect role and support their collective careers.

I look forward to speaking to you soon!
